

Desert Hills
For Veterinary Services Co. Ltd.

Animal Health

Desert Hills for Veterinary Services Co. Ltd. (DHV) imports and distributes a wide range of animal health products for poultry, ruminant and equine sectors, thus assisting in the production of healthy livestock as well as in the diagnosis and treatment of diseases. The company's qualified veterinarians work closely with customers to help them manage their costs effectively by recommending preventative therapies, diagnostics and disinfectants with the constant aim of minimizing the need for treatment.

Animal health products, feed ingredients, hygiene products from manufacturers whose brand names are of international repute are marketed directly to the livestock and feed industry, through DHV's national network of strategically located branches and independent stores.

We are also distributors for Zoetis, a global animal health company dedicated to supporting customers and their businesses in ever better ways. Building on 60 years of experience, they deliver quality medicines and vaccines, complemented by diagnostic products and genetic tests and supported by a range of services. Zoetis works every day to better understand and address the real-world challenges faced by those who raise and care for animals in ways they find truly relevant. Zoetis discovers, develops, manufactures and markets veterinary medicines, vaccines and diagnostics, complemented by genetic tests, bio devices and a range of services. They work to help meet the growing worldwide demand for meat, poultry, fish, eggs and dairy foods and to care for the increasing number of pets. Zoetis with a singular focus on animal health, strives to make products, services and people the most valued by veterinarians and livestock farmers around the world.
