

Desert Hills

For Veterinary Services Co. Ltd.

Desert Hills for Veterinary Services Co. Ltd. (DHV) operates under Tanmiah Food Group and is focused on agricultural products and services.

The decision to establish the company in 1962 pioneered efforts to diversify the Kingdom's economy and develop greater self-sufficiency in agriculture. Since its foundation, DHV has been committed to scientific innovation, provision of professional expertise and quality service. These standards in addition to the company's ISO 9001:2000 and HACCP certifications have earned the confidence of leading International agriculture businesses, choosing to appoint DHV as their sole distributors in Saudi Arabia. DHV established two factories in the Kingdom; one in Al-Kharj and the other in Jeddah.

Animal Feed

DHV Feed Unit distributes all kinds of animal feed. We are producing our added value products under the highest standard of animal feed specification using very high quality cereals and vegetable meals. Our strategy seeks to optimize its prime advantage of delivering the feed as healthy, high quality food package, as well as offering the unique selling proposition of technical support to satisfy the Market need.
